

Amy Lim Hooi Leng

Software Developer

Being a mid-life career switcher, I have completed a 6-month full-time certification in Software Development Immersive accredited by Nanyang Technological University, with the aspiration to embark on my next career in software development. With over 20 years of experiences managing clients' relationship and office administration, I believe my strengths lie in a strong commitment, curiosity for new knowledge and information, and strong determination to achieve targeted result.

Programming Skills

- HTML/ CSS
- Javascript
- Node.JS
- React JS
- React Native
- Express JS
- SQL / NoSQL

Project Experiences

Nanyang Technological University (6 months full-time)

Project 1 - SHOPPING LIST

- Programmed a mobile app for users to note down a shopping list, with the ability to delete selected purchased item(s) and to count the number of shopping items left.
- Coded using Javascript (DOM manipulation) and HTML/CSS

Project 2 - COVID TRACKER

- Programmed a web app for users to see the latest Covid cases based on Age, ICU numbers, local cases, Vaccination status with filtering based on date
- Collaborated with a team of 4 members
- Coded with REACT, NODE.JS with Axios API

Project 3 - FOOD SEARCH APP

- Team Project with 4 other teammates
- Project based on N-tier Architecture
- Backend with Express, Sequelize, Postgresql, using HEROKU for deployment
- Frontend with React Native
